

Stanislaus County Emergency Medical Services Agency

Administrative Bulletin

No. 25 – BUL – 014

Re: Registration of Paramedic Accreditation Orientation and
Mobile Intensive Care Nurse Orientation

Effective Immediately, Stanislaus County EMS Agency has changed the deadline for registration on all future Mobile Intensive Care Nurse (MICN) Orientation classes, as well as all Paramedic Accreditation Orientation (PAO) classes.

All MICN and PAO classes will close 7 days before the scheduled class.

- (Ex.), Registration for a class scheduled for Aug. 21st would close Aug, 14th at 6:00 PM.
- All applicants that miss the registration deadline will need to apply for the next regularly scheduled orientation.
- This will allow EMS Agency staff ample time to prepare any necessary documents and secure an adequate classroom space.

The registration link is available when completing the application online, via the SCEMSA online Licensing Portal.

As a reminder, Paramedic Accreditation Orientations are hosted twice a month, on Tuesdays and Thursdays, and MICN classes are hosted once a quarter on Thursdays.

Please visit Stanems.com for further information on all PAO and MICN classes. You may also contact the EMS Agency at 209-552-5703 for any questions for any additional questions.

Sincerely,

Justin Murdock, EMS Coordinator
